- ***Conclusion***
  - ○ -> further resources
  - ○ -> <u>the tensor flow website has guides</u>
  - ○ -> concepts and the possibilities using tensor flow
  - ○ -> focus on the areas you are interested in
  - ○ <u>-> one area of specialisation</u>
    - ‣ they understand one thing well
  - ○ -> the tutorials and tensor flow website
    - ‣ -> there are other tutorial on there
    - ‣ -> the deep dream project -> using AI to generate your own images using this
    - ‣ -> being critical about the resources you use (because there are so many of them)
  - ○ -> this is the largest open source tensor flow course in the world
